Delhi, the 27th December 1918.

No. 76.—In exercise of the powers conferred by sub-section (2) of section 5 of the Impressment of Vessels Ordinance, 1914 (II of 1914), read with the Emergency Legislation Continuance Act, 1915 (I of 1916), the Governor-General in Council is pleased to make the following rules for the assessment of compensation for vessels impressed under the said Ordinance :—

Short title. 1. These rules may be called the Impressment of Vessels (Compensation) Rules, 1918.

Definitions. 2. In these rules—

"Board" means a Board of Arbitration constituted under rule 3, and, in the case of any act to be done or decision taken, the majority of the members of that Board.

"The Ordinance" means the Impressment of Vessels Ordinance, 1914, as continued by the Emergency Legislation Continuance Act, 1915.

"Port of impressment" in reference to any vessel means the port where such vessel was impressed under the Ordinance, provided that in the case of vessels impressed in any port of Burma other than Rangoon, the port of impressment shall be deemed to be Rangoon.

Compensation to be assessed by Board of Arbitration.

3. In default of agreement as to the compensation payable under the Ordinance in respect of any vessel impressed thereunder, such compensation shall be assessed by a Board of Arbitration to be constituted in the case of each vessel. The Board shall consist of three persons of whom one shall be a Judge of the High Court or Chief Court exercising jurisdiction at the port of impressment and shall be nominated by the Chief Justice or Chief Judge of such High Court or Chief Court; one shall be nominated by the Governor-General in Council, and one by the owner of the vessel.

Any Judge nominated under this rule shall be deemed to be so nominated for every arbitration held at such port.

Place of sitting.

4. The arbitration shall be held in every case at the port of impressment, provided that if the principal place of business of the owner of the vessel is at any one of the following ports, viz., Madras, Bombay, Karachi, Calcutta or Rangoon, and the vessel was not impressed at such port, it shall be held either at the port of impressment or at such port, at the option of the owner.

Notice to owner.

5. In the case of any vessel in respect of which compensation is to be assessed under these rules, the Governor-General in Council shall, as soon as may be after publication thereof, cause to be forwarded to the owner by registered post a notice calling upon him within one month—

(*a*) to nominate a person to act as arbitrator on his behalf;

(*b*) to communicate the name and address of the person so nominated by him to such office of Government as may be specified for that purpose in the notice; and

(*c*) if he is entitled to an option under rule 4, to inform such officer where he desires the arbitration to be held.

Procedure in case of failure by owner to nominate.

6. If on the expiration of one month after the receipt of such notice by him or at his principal place of business, the owner has not so nominated and communicated the name and address of his arbitrator, or if such arbitrator, when notified of the place and time where and when the arbitration is to be held, is unwilling or unable to act, the Board may be completed by nomination by the Governor-General in Council, and a Board so constituted shall be deemed to have been constituted in accordance with the provisions of rule 3.

Procedure during arbitration.

7. The Board shall determine the procedure to be followed at the arbitration, and may hear, or refuse to hear, counsel for the parties as it may think fit.

Compensation how to be determined.

8. In determining the compensation to be paid to the owner of a vessel, the Board shall not be bound to have regard to the rate of profit earned by the vessel at the time of, or immediately prior to, its impressment, but shall have regard to the rate of profit usually earned before the war by similar vessels, and to whether such rate of profit was unreasonable or excessive and to any other circumstances of the case.

Costs of arbitration.

9. The compensation to be awarded may include any sum which the Board may consider to be properly payable to the owner in respect of the costs of the arbitration.

Provided that no costs shall be included where in the opinion of the Board a reasonable offer of compensation has been made to the owner of the vessel.

Period within which award is to be made.

10. Every award under these rules shall be made within three months from the constitution of the Board, provided that such period may be extended in any case by the Governor-General in Council.

Award to be written and signed.

11. The Board shall make its award in writing and shall sign the same.

Contents of award.

12. The award shall declare the total amount (if any) to be paid to the owner as compensation and shall be communicated to the parties.

Correction of clerical mistakes in award.

13. The Board shall have power to correct in an award a clerical mistake or error arising from any accidental slip or omission.

Finality of award.

14. Every award made under these rules shall be final and binding upon the parties and upon all persons claiming under them or either of them.

PUBLIC WORKS DEPARTMENT.

INDIAN PUBLIC WORKS DEPARTMENT AND INDIAN STATE RAILWAYS.

Fort St. George, January 4, 1919.

REGULATIONS AS TO APPOINTMENT OF ASSISTANT ENGINEERS

[The Secretary of State is unable to give any undertaking that the Regulations will remain unaltered in the future.]

NOTICE IN REGARD TO APPOINTMENTS IN 1919.

It is the present intention of the Secretary of State for India in Council not to appoint any Europeans as Assistant Engineers in the Indian Public Works and State Railway Departments in 1919. Applications for appointments will, however, be accepted from Natives of India who are qualified under Regulation 6, and should be submitted not earlier than 1st February 1919 and not later than 31st March 1919. Candidates must have attained the age of 21 and not attained the age of 24 years on 1st July 1919, save as provided in Regulation 8.

1. Until further notice the Secretary of State for India in Council will, during each year, make a number of appointments of Assistant Engineers in the Public Works and State Railway Departments of the Government of India.

In making these appointments he will act with the advice of a Selection Committee, including at least one eminent representative of the Engineering profession.

2. Applications for the appointments must be made on a printed form to be obtained from the Secretary, Public Works Department, India Office, Whitehall, London, S.W., and to be returned so as to reach him not earlier than 1st February,* and not later than 31st March in the year in which the applicant is a candidate.

3. A candidate must have attained the age of 21 and not attained the age of 24 years on the first day of July of the year in which he offers himself for appointment, except that a candidate not over 27 years of age on that date will be allowed to deduct from his actual age any period passed by him since 4th August 1914 in the Navy or Army or in any other employment which the Secretary of State may decide to recognise in the case of any candidate as equivalent to Naval or Military employment for the purpose of this Regulation: provided that a certificate or certificates will be required establishing in the opinion of the Secretary of State the period and satisfactory character of the candidate's Naval, Military, or other employment

[N.B.—*Natives of India must obtain a certificate of age and nationality in the form explained in Appendix II. As the production of this certificate is a necessary condition of appointment, intending candidates are advised to procure it without delay. The certificate should be forwarded to the India Office together with the candidate's form of application or at the earliest subsequent opportunity.*]

4. Every candidate, except as provided in Regulation 5, must be a natural born subject of His Majesty of European descent, and at the time of his birth his father must have been a British subject, either natural-born or naturalised in the United Kingdom. The decision of the Secretary of State in Council whether a candidate satisfies this condition shall be final. A candidate must also be of good moral character and sound bodily health and, in the opinion of the Secretary of State for India in Council, in all respects suitable to hold an appointment in the Indian Public Works Department or State Railway Department.

5. Natives of India who, save as hereinafter provided, are British subjects, and are not qualified under Regulation 4, are eligible for appointment, and shall be selected to the extent of 10 per cent of the total number of Assistant Engineers thus recruited, if otherwise duly qualified.

Provided that a ruler or subject of any State in India in respect of whom the Governor-General in Council has made a declaration under section 26A of the Government of India Act, 1915, as amended by section 3 of the Government of India (Amendment) Act, 1916, will be considered eligible.

* Applications from candidates not resident in the United Kingdom may be submitted before this date and since the India Office cannot undertake to correspond with candidates except by letter, such applications should be submitted as early as possible

6. Candidates must produce evidence that they have either (1) obtained one of the University degrees mentioned in Appendix I, or (2) passed the A.M.I.C.E examination; or (3) obtained such other diploma or distinction in Engineering as the Secretary of State may decide to accept in any particular case.

7. It is preferred that candidates should have taken a college course and obtained one of the degrees mentioned in Appendix I. It is advisable that in addition they should have had at least one full year's practical experience of Civil Engineering under a qualified civil engineer at the time when they appear before the Selection Committee. Those whose qualifying diploma has been obtained without a college course should have had a full three years of such practical experience. In the event of any candidate being selected who has not, in the opinion of the Selection Committee, had sufficient practical experience, he may be required to undergo, after arrival in India, such period of probation in charge of works as may be decided upon, and his final appointment will be made dependent upon the result of such probation.

8. Candidates must be prepared, if called upon, to attend at the India Office, at their own expense for a personal interview with the Selection Committee, which usually meets at the end of April or early in May in each year.

9. They will further be required, before final appointment by the Secretary of State in Council, to appear, at their own expense, before the Medical Board at the India Office for examination as to their physical fitness for service in India.

The Regulations governing the physical examination of candidates for the Public Works and State Railway Departments of the Government of India are given in Appendix V.

*10. Selected candidates will also be required to satisfy the Secretary of State of their ability to ride.

11. They will on appointment be provided with a free first-class passage to India and they will be expected to proceed thither about the end of September in the year in which they are appointed.

Their pay will begin from the date of their landing in India, and, if they so desire, they will be able to obtain an advance of two months' pay, recoverable by monthly instalments of one-third of salary. Of this advance a portion not exceeding one half may be drawn in England.

12. They will enter the service as Assistant Engineers on a salary of Rs. 4,560 a year (equal at 1s. 4d. the rupee to 304l a year), except in the case of candidates appointed at an age above 24 years under the age concession provision in Regulation 3. In their case, candidates whose actual age is 27, 26 or 25 years will, on appointment, be credited with three, two, or one year's service respectively. The years of service so credited will subsequently count for purposes of pay and promotion, but not for leave or pension.

13. The instruments required by Assistant Engineers are supplied to them in India.

14. Particulars as to pay, pension, etc., are contained in Appendices III and IV.

India Office, November 1917.

[N B.—*This appendix is compiled from the regulations for the time being, and is subject to alterations from time to time. The full form and precise rules are contained in the Civil Service Regulations published by the Government of India.*]

1. The following is a summary of the principal pension rules applicable to Engineers appointed to the Imperial Service by the Secretary of State from the United Kingdom.

An officer is eligible for a pension on voluntary retirement after completing 20 years' qualifying service or attaining the age of 55 years If at an earlier date he is compelled to retire from the Service through ill-health not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows :—

After a service of less than 10 years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than 10 years an invalid pension not exceeding the following amounts :—

Years of completed service.	Maximum limit of pension. Rs.	Years of completed service.	Maximum limit of pension. Rs.

Officers who have shown special energy and efficiency during an effective service of three years in certain appointments may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 28 years.

Subject to certain prescribed conditions, rupee pensions are now issued at the rate of exchange of 1s. 9d. the rupee to pensioners residing in countries in which the Indian Government rupee is not legal tender.

2 A general provident fund to which all Civil Engineers entering the Public Works Department in the future will subscribe has been established for all Civil Engineers of the department on the following basis:—

(1) The contribution is compulsory up to 8½ per cent on salaries, with not more than a further 8½ per cent voluntary contributions. Subscriptions on leave of any kind are optional.

(2) Compound interest on each payment is annually credited by Government to each officer subscribing, the rate being at present 4 per cent per annum.

(3) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the fund, and is handed over to him unconditionally on quitting the service, or, in the event of his death before retirement, to such person or persons as, under the rules of the fund for the time being in force, may be entitled thereto.

(4) Other forms of life insurance will, however, if they fulfil certain conditions, be accepted in lieu of the contributions in (1).

Leave.

3. The following is a summary of the principal regulations relating to the leave admissible to Engineers appointed to the Imperial Service by the Secretary of State from the United Kingdom.

(a) *Short Leave.*

4. Privilege leave is a holiday which may be granted to the extent of one eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to three months, earned by 33 months' duty. During privilege leave the officer retains a lien on his appointment, and receives an allowance equal to the salary which he would receive if he were on duty in the appointment on which he has a lien. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave. Combined leave cannot be granted for a shorter period than six months, nor, except on medical certificate, may it be extended beyond two years.

5. Extraordinary leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

6. Subsidiary leave in India for a minimum of ten days, usually with half average salary, may be granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end, and not at the beginning, of combined leave.

7. Short leave is also granted to enable officers to appear at examinations, etc.

(b) *Long Leave.*

8. Furlough and special leave with allowances (*see* paragraph 10) are admissible to an aggregate maximum amount of six years during an officer's service. The amount of furlough 'earned' is one-fourth of an officer's active service, and the amount 'due' is that amount less any enjoyed.

Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

Furlough on medical certificate may be granted (*a*) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years, and (*b*) to an officer who has not rendered three years' continuous service, up to one year in any case, and up to such longer period, if any (but not exceeding two years), as the officer may have furlough 'due' to him.

9. The allowances admissible during furlough are:—

(1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be 'due,'—half average salary subject to certain maximum and minimum limits.

(2) After the expiration of the period for which the foregoing allowances are admissible,—one quarter of average salary, subject to certain maximum and minimum limits.

10. Special leave may be granted at any time for not more than six months, with intervals of six years' service; allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

General Rules.

11. Leave of absence, whether on furlough or on privilege leave, can never be claimed as of right, and is given or refused at the discretion of Government.

12. After five years' continuous absence from India, an officer is considered to be out of the employment of Government.

13. When leave allowances other than privilege leave pay are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorized. But for the present the rate of conversion is subject to a minimum of 1s. 6d. to the rupee. Privilege leave pay when issued from the Home Treasury (this is only admissible when privilege leave is combined with other leave) is converted at 1s. 4d. to the rupee.

APPENDIX V.

70 and under 73 inches	36½	2½
73 and upwards	37	2½

3. *Measurement of height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. In the Indian Police Force a minimum height of 5 feet 4 inches is required, but in other departments no fixed limit of height is imposed.

4. *Measurement of chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang freely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, i.e., decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. The regulations as to the standard of vision required are shown separately for each department. In all cases of 'colour blindness' a note of the same will be made on the candidate' papers.

Candidates may, if they wish it, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions :—

(a) Applications must be addressed to the Under Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement as to the particular appointment which the candidate desires to obtain.

(b) Candidates must pay their travelling expenses.

(c) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk* continue their studies, with the knowledge

that they will have to submit themselves for a final medical examination by the Medical Board, prior to the examination, or to their appointment.

(*d*) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

REGULATIONS AS TO THE STANDARD OF VISION.

1. If myopia in one or both eyes exists, a candidate may be passed provided the ametropia does not exceed 3·5 D, and if, with correcting glasses not exceeding 3·5 D, the acuteness of vision in one eye equals $\frac{1}{2}$ and in the other $\frac{1}{3}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate, provided the lens, or the combined spherical and cylindrical lenses, required to correct the error of refraction, does not exceed 3·5 D; the acuteness of vision in one eye, when corrected, being equal to $\frac{1}{2}$, and in the other $\frac{1}{3}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of Atropine) equals $\frac{1}{2}$, and in the other eye equals $\frac{1}{3}$ with + 4 D glasses, or any lower power.

4. Hypermetropic astigmatism does not disqualify, provided the lens or combined lenses required to correct the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{1}{2}$, and the others $\frac{1}{3}$, with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{1}{2}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in these rules, may exclude a candidate.

6. Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. Any imperfection of the colour sense is a disqualification for appointment to the engineering branch of the Railway Department. In other cases the existence of imperfection of colour sense will be noted on the candidate's papers.

N.B.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of *thirty*, the candidates that selected that centre must be prepared to proceed, at their own expense, to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, *which must invariably be the place where he is employed or ordinarily resides or should it not be a centre, the place nearest to it where the examination is held*. A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination annulled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examination in any of the subjects mentioned at any other place, if he is satisfied that not fewer than *thirty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 20th January. Ordinarily, however, only one place will be constituted a centre for each district

5. The oral and practical examinations in such subjects as require them will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations.

N.B.—*To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the Written examination, candidates are recommended to refer to Part I-B of the* Fort St. George Gazette, *from time to time.*

6. Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place must, at *their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognised by the Director of Public Instruction, Madras, as fitted to impart instruction in the *Technical* subjects and for the grades in them brought up by their *pupils*.

N.B.—Heads of institutions recognised for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical Examinations.

8. All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no applications of any *private* candidates being enclosed with these applications.

9. Each candidate must, whenever the syllabus requires it, submit, before the 31st *January*, the necessary drawings, plans, surveys, field books, estimates, or other "certified works." Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or other to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified works will be valued by examiners unless the certificate of authorship is in each case quite satisfactory and specifies clearly the period of time occupied in the execution of each work and unless the examiners are satisfied as to the identity and

qualifications of the persons granting the certificate. Further, if any suspicion attaches to any certified works submitted by pupils from Technical Schools, the Commissioner will be compelled to recommend to the Director of Public Instruction, the withdrawal of the department all privileges enjoyed by the schools. Private candidates, whose certified works are in any way suspected by the examiners, will be liable to have their examination invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawing, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. *Also, on the outside of each roll for each subject, each candidate should enter the following particulars as his* :—

(1) Name of candidate,
(2) Place of examination,
(3) Subject,
(4) Grade, and
(5) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled* up with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms so that they reach the Commissioner's office on or before the* 31st *January, after which date no applications will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

11. Candidates in the mufussil should obtain the required application forms from the treasury of the taluk in which they are resident or of the district to which they belong. Candidates in Mysore, Hyderabad, Travancore and Cochin States should obtain the same from the Hon'ble the Resident's Treasury. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Old College, Nungambakkam, and not to the Collector of Madras.

N.B.—No notice will be taken of any application from candidates in the mufussil requesting to be supplied with application forms from this office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations :—

	Elementary.	Intermediate.	Advanced
	Rs.	Rs.	Rs.
For each subject	2	5	10

N B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Bank of Madras, and the receipt given by the Treasury Officer or the Bank of Madras attached to the application, which must in every case reach the Commissioner's office on or before the 31st January. *On no account will the fees be received in the Commissioner's office whether sent in cash or by Post Office orders. No application will be registered unless it reaches the Commissioner's office by the date prescribed.*

NOTE.—*At Madras, in the case of all pupils, the fee should be collected by the headmaster and sent in a lump sum to the Bank of Madras together with two lists of the pupils, one of which will be returned by the Bank and the other signed and returned to the headmaster. This latter list should be forwarded in due time along with the applications of the candidates. The necessary forms for this purpose will be supplied by this office to headmasters on application.*

14. Each application should be sent direct to the undersigned, post-paid, superscribed and addressed as follows, the receipt for the fee paid *being securely fastened to it*.

☞ Candidates are warned that the application itself *should not be enclosed* with any drawings, plans, surveys, field books, estimates, or other 'certified works' that may be sent, but should be submitted in a *separate* cover.

[*Application for admission to the Government Technical Examinations.*]

To

The Secretary to the Commissioner for Government Examinations,
Nungambakkam, Madras, S.W.

N B.—Candidates anxious to assure themselves that their applications have been received should enclose an *addressed post card in their respective applications*. The post card should bear the sender's address only and no other writing. Such post cards will be returned to them in due course with the 'Received' stamp of the office impressed upon them. No other form of acknowledgment except that required by the postal rules regarding registered covers can possibly be given, nor will any notice be taken of any letter from any candidate requiring whether his application has been received. *Insufficiently stamped covers will be rejected.*

15. Candidates should write their names, their father's names and their house names *distinctly* and *in full* in their applications and give their *addresses in full* also; if, "Other Hindus" they should state in columns 3 of their applications whether they are "Non-Brahman Caste Hindus," or "Panchamas." Applications defective in any particular will be returned.

NOTE.—*The occupation or profession of candidates, or the appointments held by them should invariably be stated—*in *full—in column 10 of their applications.*

16. *The fee paid will, in no case whatsoever, be refunded, nor will it be reserved for a subsequent examination. Neither will any excuse for that may have been inadvertently paid be returned. Candidates are warned to study the notifications carefully and satisfy themselves, before remitting their fee, that they fulfil the prescribed conditions of admission to the examination and that they can, if necessary, proceed, at their own expense, beyond the limits of the examination centre selected by them, for the purpose of undergoing the practical and viva voce examinations.*

17. 2. The Matriculation or the Upper Secondary Examination is the minimum general educational qualifications required for admission into the Secondary Training section. Persons holding such Secondary School-Leaving Certificates as qualify for admission to college will also be admitted. Holders of these certificates should attach copies of their school and public examination record to their applications.

3. The period of training will be two years except in the case of those who have passed the Intermediate Examination or the late F.A. Examination of the Madras University or have taken the course of any of these examinations in a college.

4. *Rate of stipend.*—The ordinary rate of provincial stipend is Rs. 12 per mensem and the number of provincial stipends available in each of these training sections is twenty.

5. Candidates receiving stipends from local, municipal or private funds will also be admitted in addition to the provincial stipendiaries.

M.R.Ry. C. Gopal Menon Avergal.

296. Read, approved and recorded the minutes of the proceedings of the previous meeting held on Thursday, the 28th November 1918.

297. Read a note, dated the 1st December 1918, by the Engineer-Chairman, recommending that the Port Trust should now enter on a further policy of borrowings, for amortisement by the same date, namely, July 1952, as has been arranged for all previous borrowings. The note offers a tentative series of works and of equipment the cost of which totals to 64 lakhs, towards which the Trust ought to be able to furnish 14 lakhs from its own balances, leaving 50 to be borrowed. The note explains that the list and estimate of works are not put forward as necessarily the best that may be devised, deliberately and on suitable lines, but must be liable to exhibit all the faults inherent in a hand-to-mouth policy.

The Board desires here to record its opinion that, unless it can be foreseen, some few years in advance, what money for further port equipment is certain to be available, such equipment cannot possibly be devised, deliberately and on suitable lines, but must be liable to exhibit all the faults inherent in a hand-to-mouth policy.

Resolved to adopt the general lines of the policy sketched in the note, and to beg Government to endorse the Government of India to promise to lend the part 50 lakhs in the next few years, in successive ten lakh allotments, each allotment to begin to be paid off, by monthly equated payment of principal and interest, as soon as completely drawn, as recommended and explained in detail in the Engineer Chairman's note.

298. Read again Port Trust Board Resolution No. 243, dated the 3rd January 1918, whereby it was decided to enhance the value for insurance purposes of certain of the Port Trust's buildings in order to cover the greater cost of replacement under present conditions. Resolved to continue, during 1919, to insure the group of buildings, together with new ones, at the enhanced cost.

Resolved also that insurance for 1919 be effected, in equal shares, with the following companies:—

Names of insurance companies.	Local representatives.
(1) South British Fire and Marine Insurance Company, Limited.	Messrs. Best & Co., Limited.
(2) Norwich Union Fire Insurance Society, Limited	The South Indian Industrials Limited.
(3) Imperial Insurance Company	The Bombay Company.
(4) Western Assurance Company	H. Md. Badshe Sahib & Co.
(5) Atlas Insurance Company	Ebony & Co., Limited.
(6) Liverpool, London and Globe Insurance Company	Alfred Young & Co.
(7) North British and Mercantile Fire and Life Assurance Company.	T. A. Taylor & Co.
(8) New Zealand Insurance Company	Parry & Co.
(9) Phœnix Fire Insurance Company	Walker & Co.
(10) Reliance Fire and Marine Insurance Company	McDowall & Co.

299. Read again Port Trust Board Resolutions, Nos. 32, dated the 25th April 1913 and 203, dated the 18th September 1918, on the subject of the arrangement for financing the renewal of the double oil pipe-line on the north arm of the harbour, and resolved hereby to cancel that resolution.

Read a note by the Chairman, dated 2nd December 1918, proposing the cancelment of the previous arrangement, which was made on the assumption that the Trust's balances were inadequate for the provision of the money required for the renewals, and recommending that, since the balances are now larger, the Trust should itself provide the money directly for the renewals.

Resolved that the Chairman's proposals be agreed to and that the Engineer submit as soon as possible an estimate of the cost of the renewal of the pipe lines, for approval and submission for sanction of Government.

300. Read and adopted, for submission to Government for sanction, a reappropriation statement of expenditure on capital works from revenue contributions to Capital in the year 1918-19.

301. Read a note by the Trust's Chief Engineer submitting an estimate for Rs. 1,500 for certain alterations in the General Foreman's old office at the south end of the west quay to suit traffic requirements.

Resolved to sanction the estimate debitable to revenue head 3 (vii) *New Minor Works*, and that provision be made for it in the revised and budget estimates for 1918-19 now in preparation.

302. Read a telegram by the Chairman to Messrs. Rendel, Palmer and Tritton, dated the 7th December 1918, and a letter No. 1736 to them of same date, relating to the supply of the remaining structural steel work for the outfinished, third warehouse.

Resolved to confirm the Chairman's action.

303. Read and recorded a letter from the Trust's Purchasing Agents in London, Messrs. Rendel, Palmer and Tritton, No. 21, dated 14th October 1918, regarding the delegation to them by the Trust of certain powers in dealing with enforeseen enhancements of contract prices as well as with enforeseen expenditure in shipment, demurrage, etc., liable to occur under the present very abnormal conditions.

304. Read a letter from Messrs. Parry & Co., dated the 7th December 1918, asking for immunity from the levy from them of certain under-charges made in error by the Port Trust staff, for reasons given.

Resolved, subject to sanction of Government, to grant the immunity asked for as a special case, on the grounds urged, but the concession not to form a precedent.

305. Read again Port Trust Board Resolution No. 98, dated the 20th June 1918, on the subject of allotment, to exporters, of space, when available, in a Jetsite walled section of one of the transit sheds

Read a note, dated the 3rd December 1918, by the Traffic Manager asking for permission to rent to certain applicants about 6,000 square feet of space in a transit shed other than that allotted in the above resolution.

Resolved to permit the Traffic Manager to do as proposed up to, but not beyond, the 31st December 1918.

806. Read again Port Trust Board Resolution No 250, dated 31st October 1918. Read and recorded Government Memorandum No. 1316-1, dated the 6th December 1918, forwarding a copy of the opinion of the Hon'ble the Advocate-General, No. 535, dated the 23rd November 1918, and directing publication of a notification in the *Fort St. George Gazette* of revised by-law No. 8 regarding exclusion of undesirables in the harbour.

807. Read again Port Trust Board Resolution No. 284, dated 28th November 1918, recommending to Government that Mr. S Narayana Ayyar be granted certain travelling allowances to be paid from the Government Port Fund. Read Government Revenue (Special) (Marine) Department Memorandum No. 1511-1, dated the 7th December 1918, consenting to the payment of the proposed allowance but suggesting Port Trust funds as more suitable than the Port Fund as the source of them.

Resolved to accept the suggestion and to inform Government accordingly.

808. Read an application from Mr. A. C. Werngg, Mechanical Engineer, that he be granted an allowance for house-rent.

Resolved, on the recommendation of the Chairman, that from the 1st January 1919 Mr. Wernigg be given Rs. 80 per mensem as house-rent allowance, during such time as the Trust is not in a position to offer him a suitable house of its own rent free.

809. On the recommendation of the Deputy Port Conservator supported by the Chairman it was resolved to grant one month privilege leave from the 6th January—or near convenient date—to Mr. H. Garland, Senior Harbour Master.

810 Resolved, subject to sanction of Government which is necessary under section 44 (2) of the Madras Port Trust Act, to approve of the Trust's Traffic Manager's recommendations for remissions of transit dues, in twelve cases, amounting to Rs. 712-13-6.

811. Recorded a statement showing the purchases of English materials made by the Board's purchasing Agents in England of which information was received in November 1918.

The cistern of the Barometer is twenty-two feet above the level of the sea, and the receiver of the rain gauge is two feet from the ground. The wind, rain and general weather registered are for the current civil day—from midnight to midnight.

(1) The total quantity of rain collected since January 1st is 0·3" inches, the average due for the same period being 0·37 inches.

Application of provisions of Indian Income-tax Act, 1918

15. The provisions of sections 20, 21, 22, 23, 24, 25, 27, 29, and of Chapters IV and V and of sections 42, 45, 46, 47 and 49 to 52 of the Indian Income-tax Act, 1918, shall apply, with such modifications, if any, as may be prescribed, as if those sections referred to excess profits duty instead of income-tax, and every officer or authority exercising powers under those provisions of the said Act may exercise the like powers under this Act in regard to excess profits duty as he or it exercises in regard to income-tax under the said Act. VII of 1918.

Provided that references in the said provisions to the assessee shall be construed as references to a person by whom excess profits duty is payable.

Income-tax papers to be available for the purposes of this Act.

16. Notwithstanding anything contained in the Indian Income-tax Act, 1918, all information contained in any statement or return made or furnished under the provisions of the said Act, or obtained or collected for the purposes of that Act may be used for the purposes of this Act. VII of 1918.

Prohibition of and penalty for fictitious transactions.

17. (*1*) A person shall not for the purposes of avoiding payment of excess profits duty enter into a fictitious or artificial transaction or carry out any fictitious or artificial operation and if he has entered into any such transaction or carried out any such operation before the commencement of this Act, shall inform the Collector of the nature of the transaction or operation.

Explanation.—For the purposes of this section an artificial transaction or operation includes every device of whatever nature adopted for the purposes of presenting the accounts of a business in a misleading form or manner with intent to evade or having the effect of evading the obligations imposed by this Act.

(*2*) If any person acts in contravention of, or fails to comply with, the provisions of sub-section (*1*), he shall, on conviction by a Magistrate, be punishable with fine which may extend to one thousand rupees.

Power to make rules.

18. (*1*) The Governor General in Council may, by notification in the *Gazette of India*, make rules for carrying into effect the provisions of this Act.

(*2*) In particular and without prejudice to the generality of the foregoing power, such rules may provide for—

(*a*) the procedure to be followed by Boards of Referees appointed under this Act;

(*b*) the adaptation to excess profits duty of any of the provisions of the Indian Income-tax Act, 1918, which are made applicable to that duty by section 15.

(*3*) All rules made under this section shall have effect as if enacted in this Act. VII of 1918.

SCHEDULE I.

EXEMPTED BUSINESSES

(See section 3.)

1. Agriculture.

2. Offices or employments.

3. Any profession the profits of which are dependent mainly on the personal qualifications of the person by whom the profession is carried on, and in which no capital expenditure is required or only capital expenditure of an amount small when compared with the profits which the persons carrying on the profession make:

Provided that the business of any person taking commissions in respect of any transactions or services rendered, or any agent of any description (not being a commercial traveller or an agent whose remuneration consists wholly of a fixed and definite sum not dependent on the amount of business done or any other contingency) shall not be included in this exception.

4. Any business which is liable to pay in respect of the accounting period excess profits duty in the United Kingdom.

5. Any business the profits of which in the accounting period did not exceed thirty thousand rupees.

SCHEDULE II.

ASCERTAINMENT OF CAPITAL.

(*See section* 6.)

1. The amount of the capital of a business shall, so far as it does not consist of money, be taken to be—

(*a*) so far as it consists of assets acquired by purchase, the price at which those assets were acquired, subject to such deduction for depreciation or for an old purchase money as may be prescribed,

(*b*) so far as it consists of assets being debts due to the business, the nominal amount of those debts subject to any reduction which has been allowed or is allowable in respect of those debts under the Indian Income-tax Act 1918, and

VII of 1918. (*c*) so far as it consists of any other assets which have not been acquired by purchase, the value of the assets at the time when they became assets of the business, subject to such deduction for depreciation as may be prescribed:

Provided that nothing in this provision shall prevent accumulated profits (other than those made in the accounting period) employed in the business being treated as capital.

2. Any borrowed money or trade debts shall be deducted in computing the amount of capital for the purposes of this Act.

3. Where any asset has been paid for otherwise than in cash, the cost price of that asset shall be taken to be the value of the consideration at the time the asset was acquired, but where the business has been converted into a company, and more than two-thirds of the shares in the company are held by the person who was the owner of the business, no value shall be attached to those shares, so far as they are represented by good-will or otherwise than by material assets of the company, unless the Collector in special circumstances otherwise directs. Patents and secret processes shall be deemed to be material assets.

STATEMENT OF OBJECTS AND REASONS.

On the 20th of September 1918, a Resolution was adopted by the Indian Legislative Council declaring that the prolongation of the war justifies India's taking a larger share than she does at present of the cost of the military forces raised or to be raised in this country. It is the object of the present Bill to raise money, by the imposition of an excess profits duty, towards the cost of the measures proposed to give effect to this Resolution.

2. Although no guarantee can be given by the Government on the point, the change which has recently come over the military situation makes it possible that the sum to be raised by the duty will not be required for more than one year, and the duty is, therefore, imposed by the Bill only on the profits of a single year (clauses 2 and 4). The proposed duty will absorb fifty per cent of the excess of the profits made in an accounting period of twelve months over a certain standard called in the Bill the "standard profits" (clause 4). The accounting period consists of the twelve months ending on the 31st March 1919, unless a different period of twelve months has been taken for the income tax assessments of that year, when that period is taken; and the profits of the accounting period are those ascertained for income-tax purposes (clause 5). Standard profits are calculated on different bases when the business subject to the duty has been assessed to income-tax in the course of the four financial years, 1913–14, 1914–15, 1915–16, 1916–17, and 1917–18, and when it has not.

3. When a business has been assessed to income-tax in the four years, the standard profits will under the Bill be the average profits as assessed for income-tax purposes, with proportionate increases if the assessment in any of the years covered a period of less than twelve months. When it has not been assessed to income-tax in all the four years, the standard profits will be calculated at ten per cent on the capital of the business at the end of the accounting period (clause 6). With slight modifications, the provisions of the British Excess Profits Duty Acts are followed for the calculation of the capital of the business (Schedule II).

4. The Bill provides for an adjustment, where capital has been increased or decreased during the accounting period, by deduction from or addition to the profits of that period of an amount equivalent to ten per cent per annum on the increase or decrease of capital (clause 7).

5. Businesses which have not earned in the accounting period more than thirty-thousand rupees will be exempt from the duty (Schedule I), and in no case will a larger sum be taken as the duty than will reduce the profits to thirty-thousand rupees (clause 4, proviso). Otherwise the duty will be imposed upon all businesses except agriculture, shares or employments, professions subject to the limitations in force in the United Kingdom, and businesses which are liable to pay in respect of the accounting period excess profits duty in the United Kingdom (Schedule I).

6. In general, the procedure for the recovery of the duty, for appeals against the Collector's assessments, and similar matters will be that in force under the Income-tax Act (clauses 13 and 15), but there are some special provisions. The Collector is given wide powers to modify assessments when on application to him it is shown that for special reasons the methods laid down for calculating the duty will operate unfairly (clause 8), and persons dissatisfied with his orders on such applications are permitted to appeal to the Chief Revenue-authority, who, if it thinks that the appeal involves questions of general importance, is required to refer it to a Board of Referees appointed by the Local Government, and consisting of three members, of whom at least one must be a non-official acquainted with businesses of the nature of that in respect of which the appeal is made (clause 9). The Collector is also authorized in addition to his powers under the Income-tax Act to call, under penalty for non-compliance, for such particulars in connection with the business as he may require (clauses 11 and 12), to permit payment in instalments (clause 13), and to use in his assessments to the duty information obtained for the purposes of income-tax assessments (clause 14). Persons chargeable to the duty are required under penalty to give the Collector notice of the fact (clauses 10 and 12), and they are forbidden, on pain of a fine which may extend to one thousand rupees, to enter into fictitious or artificial transactions with the object of avoiding payment of the duty (clause 17).

Supplement—
Report of the Select Committee on the Bill to consolidate and amend the law relating to the municipal affairs of the City of Madras with the Bill as amended by the Committee—(Tamil), (Telugu and (Hindustani).

Report of Select Committee, etc., presented to the Council of the Governor of Fort St. George for the purpose of making Laws and Regulations.

To

THE HONOURABLE THE COUNCIL OF THE GOVERNOR OF FORT ST. GEORGE FOR MAKING LAWS AND REGULATIONS.

We, the members of the Select Committee, appointed to report upon the Bill (No. 6 of 1918) to consolidate and amend the law relating to the municipal affairs of the City of Madras, have the honour to submit the following report.

2. We have received and considered the representations from the public in regard to the Bill which are noted in the margin.

1. Letter from the Secretary to the Missionary Educational Council of South India, Madras, dated 28th August 1918. [Paper No 1.]
2. Proceedings of a Special Meeting of the Corporation of Madras, dated 13th September 1918. [Paper No. 2.]
3. Letter from the Honorary Secretary, the South Indian Federal Association, Madras, dated 16th September 1918. [Paper No. 3.]
4. Letter from the Chairman, Public Meeting, held at Park Town, Madras, dated 25th September 1918 [Paper No. 4.]
5. Letter from the Vice-President, Madras Presidency Muslim League, dated 26th September 1918. [Paper No. 5.]
6. Observations by heads of departments of the Corporation of Madras. [Paper No. 6.]
7. Letter from the Chairman of a Muslim Public Meeting held in Madras on the 26th September 1918. [Paper No. 7.]
8. Letter from the Honorary Secretary to the Muslim League, Begampur, Dindigul, dated 6th November 1918 [Paper No. 8.]

3. In the following paragraphs we refer specifically to such of the alterations made in the Bill as appear to us to be of sufficient importance to call for special mention. The numerous other alterations which will be found in the Bill, to which we shall not especially refer, are either of no material importance, or are verbal amendments in drafting or changes consequential on more important alterations.

4. In this report the clauses and sub-clauses of the Bill as amended by us will be found enclosed in square brackets. Where no such brackets are used, the clauses and sub-clauses referred to are those of the Bill as introduced.

Clause 3 (6).—We see no reason to confine the term 'carriage' to vehicles used for the conveyance of human beings and we have accordingly omitted the limiting words.

Clause 3 (9).—In this clause we have omitted the reference to section 41 of the Bill and have redrafted with reference to section 62 of the Government of India Act, 1915. We have added words to the definition specifically excluding from the City of Madras, Fort St. George and the Glacis.

Clause 3 (12).—We have revised the definition of the term 'hut' so as to extend its application, and to bring it into accordance with the class of cases likely to arise.

Clause 3 (13).—We have extended the term 'latrine' so as to include a water closet.

Clause 3 (14).—We have omitted this sub-clause as unnecessary and misleading.

Clause 3 (15).—We have omitted as unnecessary the definition of 'municipal authority'.

Clause 3 (19).—[3 (17).] We have expanded the definition of 'owner' so as to include guardians, managers and receivers for persons and for religious and charitable purposes.

Clause 3 (22).—We have omitted sub-clause (22) as the terms 'public land' and 'corporation public land' are based on distinctions of law which are not recognised in this country and the definition is unnecessary with reference to clause 113 as revised [clause 103].

Clause 3 (25) (*c*).—[Clause 3 (22).] We have omitted this sub-clause as superfluous and we have renumbered the succeeding definitions. Definitions (*f*) and (*g*) in sub-clause 3 (25) are also omitted as needlessly complicating the meaning.

Clauses 4 *and* 5.—We have redrawn the sections on the lines of the Bombay City Municipal Act.

Clause 5 (1).—We have proposed to raise the strength of the Council to fifty councillors in all, elected or appointed. We raise the number of elected divisional councillors from 24 to 30; we reduce the number of appointments in the gift of the Governor from 9 to 5; and we increase by 5 the number of councillors to be elected or appointed by such other associations, corporate bodies or classes of persons as the Governor in Council may by notification direct. We have carefully considered the question whether any provision should be made for seperate electorates for Muhammadan or other communities. It was decided that there should be no such separate electorates so far as the divisional councillors were concerned and that no specific provision should be made under sub-clause (*c*) but we would here place on record our opinion that, in practice, it will be desirable that four of the seven seats be reserved for Muhammadans and one for the Anglo-Indian Association.

Clause 5 (2).—We have not thought it necessary to retain the provision which empowers the Governor in Council to make an appointment in case of failure to elect or appoint under sub-sections (*b*), (*c*), (*d*) and (*e*) of sub-clause (1).

Clause 6.—In lieu of a single Standing Committee of twelve, we propose to constitute by statute four smaller Standing Committees, each of seven members [clause 19 (1)] elected by the Council from their own number; to these will be assigned the provinces of (1) taxation and finance, (2) works, (3) health and (4) education. It was after considerable discussion decided that it was unnecessary to provide for more Standing Committees, as all the functions of the Corporation can be brought under one or other of these heads and four committees should be enough to do all the work required.

Clause 8.—For the provision that the Commissioner shall hold office during the pleasure of the Governor in Council, we have substituted [clause 8 (1)] a period of three years, renewable, for the Commissioner's tenure. We have omitted clause 28 and inserted [as clause 8 (2)] the provision which renders compulsory the removal of the Commissioner from office in the event of a substantial majority of the councillors voting in favour of such removal. We propose that the minimum number of adverse votes shall be 33 in a council of 50.

Clause 9.—We have inserted after this clause a new one [clause 10] relating to the custody of records. We consider that the Commissioner and not any subordinate official is the proper custodian.

Clause 11.—[Clause 12.] We have omitted the provisos (*a*), (*b*) and (*c*). We considered that it was unnecessary to lay down specifically that the Commissioner might hold the specific offices named and that it was impossible to make an exhaustive list of functions which he might undertake without detriment to his duties to the Corporation.

Clause 13.—We have added to this clause a new sub-clause [clause 14 (2)] providing that the Governor in Council shall appoint an officiating Commissioner when the Commissioner is granted leave.

Clause 15.—[Clause 16.] The drafting has been simplified and the power to delegate to a councillor has been omitted.

Clause 16.—[Clause 17.] In consequence of the amendment of clause 15 reference to a councillor has been omitted.

Clauses 18 *and* 19.—We have recast these clauses [clauses 19 and 20] with reference to our proposals for Standing Committees in clause 6]. Each of the four committees will consist of seven members to be elected by the Council from their own number and no councillor is to be a member of more than two Standing Committees at the same time, subject to the exception to be presently noticed in the case of the President. A member of the Standing Committee will retain his office as such, so long as he continues to be a councillor, and vacancies in a Standing Committee will be filled up by election by the council. We assign to the Council [clause 20 (1)] the duty of determining by regulations the powers and duties of each Standing Committee. But we have thought it well to assign by statute [clause 20 (2)] certain specific duties of financial supervision, audit and the writing off of irrecoverable sums to the Taxation and Finance Standing Committee

Clause 20.—We have introduced a new clause [clause 21] to avoid ambiguity in the expression 'Standing Committee' wherever used in the Bill

Clause 22.—Having proposed to constitute by statute small Standing Committees, we consider it unnecessary to retain the provision by which the Standing Committee may appoint sub-committees. We have therefore omitted this clause.

Clause 23 (1).—We have slightly modified the description of the functions of the Council [clause 23 (1)] and have added, following section 15 (2) of the present Act, a fresh sub-clause [sub-clause (2)] providing for the resolution by the Governor in Council, on reference by the President, of any doubt which may arise as to the municipal authority to which any particular function pertains.

Clause 24.—For the words 'other municipal authorities' we have substituted the words 'Standing Committees and the Commissioner' following the scheme of administration which we recommend. We consider it unnecessary to provide specifically in this section for the contingency that a resolution of the Council may be cancelled on the application of the municipal authority concerned.

Clause 25 (3).—We have made an addition to this clause [sub-clause (3)] providing for an appeal to the President against the order of the Commissioner refusing a councillor access to the records of the Corporation.

Clause 26 (1).—We have extended to a Standing Committee the power [clause 26 (1)] to make a requisition to the Commissioner under this section.

Clause 26 (2).—We propose [clause 26 (2)] that, should the Commissioner consider that immediate compliance with a requisition would be prejudicial to the interests of the Corporation or of the public, he shall make a declaration in writing to that effect and, if required by the Council or the Standing Committee as the case may be, shall refer the question of compliance to the President whose decision shall be final.

In our opinion the procedure contemplated by the Bill as introduced was cumbrous and gave too little responsibility to the President.

Clause 28.—Omitted with reference to [clause 8 (2)].

Clauses 29 *and* 30.—[Clauses 28 and 29.] The slight verbal modifications in these clauses [clauses 28 and 29] call for no special remark.

Clause 31.—[Clause 30.] Sub-section (2) has been omitted as unnecessary.

Clause 34.—We have slightly modified the wording of this clause [clause 33 (1)] without affecting the substance. We have added a new sub-clause [clause 33 (2)] empowering the President to require the Commissioner to attend a meeting of the Council or of a Standing Committee.

Clause 38.—We have added words to this clause [clause 37] to ensure that the President shall have full access to all records of the Corporation.

Clause 41.—We have omitted this clause as unnecessary with reference to section 62 of the Government of India Act, 1915.

Clause 46.—We have omitted this clause as unnecessary and as giving an undesirable power to a majority in the Council.

Clause 48.—We have substituted in this clause [clause 45] 30 divisions for 24 in accordance with our proposals [clause 5 (1) (*a*)].

Clause 50 (*1*).—We have made an addition to this clause [clause 47 (1)] to make it clear that the electoral roll published in any year shall remain in force until the publication of a fresh one. We have omitted sub-clause (*b*) which provided for a separate list of persons qualified to be candidates, because we considered that except as provided in clause 51 (*b*) all persons qualified to vote should be qualified to stand for election.

Clause 51.—We have omitted this clause and have provided a new sub-clause in clause 53 [49 (2)] for representatives voting on behalf of companies or associations. We have considered it unnecessary to make specific provision for representatives voting on behalf of joint families because the payment of tax will carry with it the right to vote.

Clause 53.—[Clause 49 (1).] Sub-clause (*a*) has been modified in consequence of the decision that the payment of any sum as property tax, companies tax or profession tax shall qualify for inclusion in the electoral roll. We have eliminated all personal qualifications and we have proposed to fix in sub-clause (*b*) a minimum annual value of Rs. 60 as qualifying for the occupancy vote. We have added explanations to this clause to elucidate what is meant by occupancy, to prevent plurality of voting by occupiers and by persons having residences in more than one division. [Explanations 2 and 3 to clause 49 (1).]

Clauses 54 *and* 55.—Clause 54 has been omitted in consequence of the omission of clause 51, and clause 55 is provided for by explanation [clause 49 (1)].

Clause 57.—[Clause 51.] We have recast this section defining the qualifications of candidates with reference to the qualifications of voters [clauses 48 and 49] and to our recommendation that all persons of the male sex who are qualified to vote shall also be qualified to stand for election.

Clause 58 (1) (*b*) (iii).—[Clause 52 (1) (*b*) (iii).] We have modified the wording of this sub-clause so as to disqualify persons working as legal practitioners to the Corporation from becoming candidates for election to the Council and we have limited the effect of the proviso to the sub-section in the Bill as introduced so as to exclude from the Council all persons who have any relations of the nature of a contract with the Corporation except as purchasers or holders of municipal securities.

Clause 59.—[Clause 53.] We have provided for the exclusion from the Council of persons employed as paid legal practitioners on behalf of the Corporation or accepting employment as legal practitioners against it. [Sub-clauses (1) (*e*) and (1) (*f*).] We have added a provision [sub clause (2)] corresponding to sub-clause (2) of the preceding clause 58 [52]. We have redrafted the provisos to clause 59 as introduced without materially effecting the substance. [Sub-clauses (3) and (4) of clause 53.]

Clause 60 (1).—[Clause 54 (1).] We have so worded sub-clause (1) of this section as to leave the decision of questions of disqualification to be settled by the Chief Judge of the Small Cause Court in the case of disqualifications both of candidates and of councillors.

Clause 64.—[Clause 58.] We have provided that in the case of equality of votes an immediate decision by lot shall be taken.

Clause 65 (1).—[Clause 59 (1).] We have provided that the Governor in Council may make rules for the conduct of elections by institutional and other electorates as well as of divisional elections.

Clause 65 (2).—We have omitted as unnecessary sub-clause (2) (*b*) in the Bill as introduced and have retained sub-clause (2) (*a*) as sub-clause (2) (*b*).

Clause 69.—[Clause 63.] We have added words in sub-clause (1) (a) of this section so as to make the lending or agreeing to lend property, money, etc., with corrupt intention an offence within the meaning of the section, but have added an explanation excluding from the section agents, clerks or messengers or others who may, in accordance with the rules made by the Governor in Council, be employed for remuneration by a candidate at an election.

We have inserted a new clause [clause 70] to provide for an appeal to the High Court from any conviction or sentence passed for an election offence.

Clause 80 (1) *and* (2).—[Clause 75 (1) and (2).] We have inserted in this clause words which limit the Commissioner's power of disposal to disposal by sale or exchange.

Clause 83 (2).—[Clause 78 (2).] We have considered it desirable to limit the powers of the Standing Committee to estimates not exceeding Rs.-50,000.

Clause 84 (1).—[Clause 79 (1).] We have made corresponding alteration in the value of projects to be submitted to the Council. We propose that estimates for works costing more than Rs. 50,000 but not more than 2½ lakhs shall need the sanction of the Council.

Clause 84 (1) (*c*), (2), (3) *and* (4).—[Clause 79 (2) (*a*), (*b*), (*c*) and (*d*).] We have rearranged these sub-clauses dealing with the submission to the Governor in Council of projects the cost of which exceeds Rs. 2,50,000.

Clause 85.—[Clause 80 (1).] We have introduced a clause empowering the Council generally to enter into and perform contracts necessary or expedient for the purposes of the Act and in sub-clauses (*c*) and (*d*) [sub-clauses (2) (*c*) and (2) (*d*)] we have imposed limitations on the power of the Commissioner and the Standing Committee corresponding to those proposed by us in the case of sanction of estimates. We have also added a provision [sub-clause (3)] for variations of contracts.

Clause 86 (2).—[Clause 81 (2) and (3).] We have provided that the Commissioner shall have the custody of the Corporation seal and have inserted [sub-clause (3)] a provision that contracts executed otherwise than as provided in the section shall not be binding.

Clause 88.—[Clause 83.] We have omitted the illustration and slightly shortened the wording of this clause.

Clause 90.—We have omitted clause 90 because it was considered undesirable that there should be two separate establishments, one of which would be out of the control of the Commissioner.

Clause 97 (2).—[Clause 91 (2) and (3).] We have altered this sub-clause so as to give the Council the power of final sanction to the schedule.

Clauses 100 *to* 105.—We have omitted these sections for the same reasons which have induced us to omit clause 90. It is in our opinion unnecessary to make special statutory provision for the appointment and duties of the municipal secretary, and on general grounds we consider that the appointment of an almost independent official in the position of secretary will weaken the municipal executive.

Clause 108 (1).—[Clause 96 (1).] We have provided for an appeal to the Standing Committee in the case of any officer or servant on a salary of not less than Rs. 150, while we have dispensed with the provision which renders necessary the previous sanction of the Standing Committee for an order of removal or dismissal in the case of officers on a salary exceeding Rs. 200.

Clause 109.—[Clause 97.] Following on the omission of clauses 100 to 105 we have omitted reference in this clause to the special council establishment.

PART III.

TAXATION AND FINANCE.

Chapter V.—Taxation.

Clause 110.—[Clause 98.] We have modified the wording of this clause so as to make it optional with the Corporation to levy the various taxes enumerated. In deference to the wishes of the Corporation we have introduced [sub-clause (*f*)] a provision for a tax on timber and firewood brought into the City. The provision in the existing Act for the levy of a licence fee was omitted from the Bill as introduced because it was considered that anything in the nature of an octroi was objectionable, but it is pointed out that the impost has been in existence for many years without noticeable inconvanience and that it brings in a not inconsiderable revenue with which the Corporation cannot dispense. We have renumbered sub-clauses (*f*) and (*g*) [sub-clauses (*g*) and (*h*)] and have slightly modified the wording of the last named clause without affecting the substance.

Clause 111 (1) (*b*).—[Clause 99 (1) (*b*).] We have omitted as unnecessary the specific reference to public markets and Corporation buildings in this sub-section.

Clause 113.—[Clause 101.] We have omitted the exemption of property vested in the Trustees of the Port of Madras and have proposed to repeal the exemption extended to such property, inserting the necessary provision in schedule I of this Act for the repeal of section 34 of the Madras Port Trust Act, 1905.

There is no corresponding exemption in Bombay and Calcutta and we see no good reason why it should continue in Madras.

We have decided, after careful consideration, to recommend no exemption in the case of educational buildings and orphanages.

Clause 113 (*s*).—[Clause 101 (*d*).] For the term 'public land' we have substituted a more particular enumeration to which additions may be made from time to time by Government with the consent of the Corporation.

Clause 117 (8).—[Clause 105.] We have omitted as unnecessary sub-clause (5) of this clause as introduced.

Clause 122.—[Clause 110.] For the words 'Joint stock company or other company' we have substituted the words 'Incorporated company' and we have raised the maximum of the tax payable from Rs. 500 to Rs. 1,000.

Clause 123 (1).—[Clause 111 (1).] We have added explanations to this sub-clause to make it clear that it extends to persons who exercise their professions or callings or hold appointments within the limits of Fort St. George and to persons in receipt of pensions.

Clause 129 (3).—[Clause 117.] We have omitted this sub-section as unnecessary and have renumbered sub-clauses (4) and (5).

Clause 130.—[Clause 118.] We have recast the sub-clause relating to exemption without affecting the substance.

[*Clause* 129].—We have inserted [clause 129] provisions ancillary to the introduction in clause [98] of the tax on timber and firewood. We provide as in the existing Act for a maximum rate in the case of timber of Rs. 5 per ton and in the case of firewood of 6 annas per ton and for a rebate of nine-tenths of the tax levied in cases where timber or firewood is exported beyond the city—vide section 327 of the Madras City Municipal Act.

Clause 142 (*b*).—[Clause 131 (*b*).] We have inserted words enabling the Standing Committee to make regulations for the guidance of the Commissioner in the farming out of tolls.

Clause 144.—[Clause 133.] We have omitted as unnecessary sub-clauses (*a*) and have renumbered sub-clauses (*b*) and (*c*) as sub-clauses (*a*) and (*b*).

Clause 150.—We have omitted as unnecessary the provision empowering the Council with the sanction of the Governor in Council to grant exemptions from the payment of any tax, duty or toll as we think that it is not desirable that such a power should exist.

Clause 151.—We have omitted with reference to [clause 20 (2)] the provision empowering the Standing Committee to write off an irrecoverable tax, duty or toll.

Clause 152.—[Clause 138.] We have omitted as unnecessary sub-clauses (*a*) to (*e*) of this clause and have retained the simple provision declaring that the rules and tables embodied in Schedule IV shall be read as part of this chapter.

Clause 168.—[Clause 154.] We have altered the due date for the submission of the budget from the 10th of November each year to the 10th of December.

We have omitted the sub-clause (2) of this section which requires that the estimate with the budget shall be accompanied by the proposals of the Director of Public Instruction and the Surgeon-General in respect of elementary education and of hospitals respectively. We have also omitted sub-clause (3) of this section which requires the Commissioner to sanction or obtain sanction to all estimates for new works and special repairs not less than six weeks before the meeting of the Council to consider the budget. These provisions have in practice been found unnecessary or unworkable.

Clause 169 (3).—[Clause 155 (3).] We have substituted for the 15th of December, 15th of January in consequence of the alteration of date in [clause 154].

Clause 170.—[Clause 156.] We have for similar reasons altered the month for the consideration of the budget by the Council from January to February.

PART IV.

PUBLIC HEALTH, SAFETY AND CONVENIENCE.

Chapter VII. Water-supply, Lighting and Drainage.

Clause 180.—[Clause 166.] We have inserted after this clause a new clause [167 (1) and (2)] prohibiting building over mains without the permission of the Commissioner.

Clause 182 (2).—[Clause 169 (2).] We have omitted as unnecessary the proviso to this sub-clause and for similar reasons we have omitted from sub-clauses (2) and (3) the word 'masonry,' making the clause applicable to any dwelling house assessed at the specified annual value.

Clause 183 (*i*).—[Clause 170 (1).] We have altered the wording of this clause so as to require the sanction of the Standing Committee to the supply by the Commissioner of water for any purpose other than domestic consumption or use.

Clauses 184 *and* 185.—[Clause 171.] We have confined the obligatory supply to the Fort Trust and Fort St. George and provided for permissive supply to any other local authority within or without the city, the terms as to payment, period and conditions of supply being determined by the Council subject to appeal in respect of such terms to the Governor in Council whose decision shall be final.

We have omitted the provision in clause 185 of the Bill as introduced for obligatory supply of water to public cemeteries, gardens or institutions within the city administered by the Governor in Council.

Clause 186.—We have omitted as unnecessary the provision for the permissive supply of water to persons without the city not being a public administration or local authority.

Clause 187 (1) (*b*).—[Clause 172 (1) (*b*).] We have extended the period of grace for payment of water-tax from fifteen to thirty days.

We have omitted sub-clause (*d*) of clause 187 (1) empowering the Commissioner to cut off the supply of Corporation water from any premises if the owner or occupier neglects within a given period to put up a meter, or to comply with any other lawful order or requisition.

We have also omitted the proviso to sub-clause (1) of this clause.

We have renumbered sub-clauses (*e*), (*f*), (*g*) *and* (*h*) of sub-clause (1) as introduced to read (*d*), (*e*), (*f*) and (*g*).

Clause 188.—[Clause 173.] We have omitted in this clause the parenthesis which excepts the case of express stipulation in an agreement for the supply of water for other than domestic purposes.

Clauses 194 *and* 195.—[Clauses 179 and 180.] We have transposed the order of these clauses.

Clause 194 (1) (*b*).—[Clause 180 (1) (*b*).] We have provided that in the circumstances contemplated by this sub-clause drains should be constructed at the cost of the Corporation rather than at the expense of the owner.

Clause 196.—We have omitted this clause since the need for such provision has not hitherto arisen and it would, we anticipate, give rise to many disputes.

Clause 197.—We have omitted this clause for similar reasons.

Clause 209.—[Clause 192.] We have modified the wording of this clause so as to make it applicable only to the case of a pipe or drain or other work connected with the water-supply or drainage of the city to be carried across a line of railway.

Clause 210 (3).—[Clause 193.] We have omitted as unnecessary sub-clause (3) of this clause.

Clause 212 (1).—[Clause 195 (1).] We have provided for the previous sanction of the Standing Committee to the issue by the Commissioner of a public notice under this sub-clause.

We have also inserted a provision [sub-clause (2)] empowering the Commissioner in certain cases to direct the collection of rubbish and filth accumulating in any latrine by the owner or occupier and its deposit in municipal carts and we have renumbered sub-clause (2) as sub-clause (3).

We have omitted sub-clauses (3) and (4) of this clause.

Clause 223 (1).—[Clause 206 (*i*).] We have omitted the words "in accordance with the orders of the Governor in Council" since they would impose an unnecessary restriction in the case of land belonging to the Corporation, while the Act cannot give the Corporation power to dispose of land which does not belong to it.

Clause 224 (1) (*b*), *proviso*; *sub-clauses* (2) *and* (3).—We have omitted these provisions though they are taken from the existing Act. They have hitherto been a dead letter and appear to be wrong in principle. We have renumbered sub-clauses (4) and (5) as sub-clauses (2) and (3) of clause 207.

Clauses 225, 226, 227 *and* 228.—[Clauses 208, 209, 210, 211.] We have entirely redrafted these clauses with a view to greater lucidity and simplicity.

Clause 229.—[Clause 212.] We have omitted as unnecessary the proviso to sub-clause (2) and sub-clause (3) in the Bill as introduced and have renumbered sub-clause (4) as sub-clause (3).

Clause 232.—[Clause 214.] We have inserted after clause 232 a provision [clause 215] compelling the owner of land utilising or otherwise disposing of such land as sites for the construction of buildings, to lay down a street or road giving access to such of the sites as do not abut on an existing public or private street.

Clause 258.—[Clause 240.] We have inserted a new sub-clause (5) with reference to the provisions of the new clause 215.

Clause 263.—[Clause 245.] We have inserted a provision [clause 246] to make it clear that the preceding sections do not apply to huts.

Clause 269.—[Clause 252.] We have added a sub-clause [sub-clause (4)] to this clause similar to that added in clause 258 [clause 240].

Clause 295.—[Clause 278.] We have inserted after this clause a new clause [clause 279] prohibiting the keeping of lodging houses without licence from the Commissioner.

Clause 302.—[Clause 286.] We have omitted as unnecessary the explanation to this clause.

Clause 305.—[Clause 289.] We have introduced, as [sub-clause (*e*)] to this clause, a provision relating to the use or employment of steam whistles, etc., and we have eliminated clause 306.

Clause 325.—[Clause 308.] We have added a provision [sub-clause (*f*)] to this clause empowering the Commissioner to require a separate area to be set apart in market buildings and market places for different classes of articles.

Clause 337 (3).—[Clause 320.] We have omitted sub-clause (2) to this section regarding the farming out of rents and fees levied at burial and burning grounds, etc., and have renumbered sub-clause (3) as sub-clause (2).

Clause 347 (2).—[Clause 330 (2)]. We have omitted from this clause the provision for the payment of a fee to private practitioners for intimating the occurrence of cases of dangerous disease. We consider that as the duty of reporting is laid upon medical practitioners, no fee should be payable.

Clause 350 (1).—[Clause 333 (1).] We have redrafted this clause for greater lucidity and in doing so we have taken the opportunity to provide for a class of cases which not infrequently arises in which a person already in a general hospital is found to be suffering from a dangerous disease. There is at present no authority to prevent the relations of such a person from taking him away before the health officer can take steps for his isolation.

Clause 355.—We have omitted this clause as imposing on the sufferer the duty of determining whether he can carry on his calling without risk of spreading the disease, which is inappropriate to the conditions in this country.

Clause 356 (1).—For similar reasons we have omitted this sub-clause, as also sub-clause (3) which prohibits the driver of a public conveyance from carrying a person suffering from a dangerous disease, who has not taken proper precautions against spreading it. We have renumbered the sub-clauses in this clause [sub-clauses (1), (2), (3) and (4) of clause 338].

Clause 357 (1) *and* (2). [Clause 339 (1) and (2)]. We have recast this clause.

Clause 358.—[Clause 340.] We have inserted a new clause [341] empowering the Commissioner to close places of public entertainment in the event of the prevalence of a dangerous disease within the city.

Clause 364.—[Clause 347]. We have redrafted this clause in simpler form and have made it clear that the rule-making power of the Government does not extend to matters expressly provided for in the Act. We have also specified in sub-clause (3) the portions of schedule V which may be altered, added to or cancelled by the Governor in Council by means of rules made in that behalf.

Clause 365.—[Clause 348.] We have added a new sub-clause [(*e*)] providing for the publication of rules and the effect of such publication.

Clause 366.—[Clause 349.] We have redrafted this clause with a view to greater clearness.

Clause 368.—We have omitted this clause.

Clause 370 (2).—[352.] We have omitted this sub-clause.

Clause 378.—[Clause 360.] We have inserted a new clause [361] providing a penalty for wilfully preventing distraint, transferring this provision from rule 82 of Schedule IV—Part VII.

Clause 383.—[Clause 366.] We have added a new sub-clause [(*f*)] to this clause with reference to the possible provisions of rules made under clause 364 [clause 347].

Clause 403.—We have omitted this clause as being merely a repetition of clause 394 [377].

Clause 405.—This is omitted as superfluous.

Clause 410.—[Clause 396.] We have redrafted this clause in a simpler form.

Clause 417 (5).—[Clause 398 (5).] We have added words empowering the Governor in Council to declare what offences against the Act, rules, by-laws and regulations shall be compoundable by the Commissioner.

Clause 419.—[Clause 400.] We have provided that the Council shall not institute a suit against the Commissioner or a councillor for loss, waste or misapplication without the sanction of the Governor in Council, and we have added a new sub-clause [(2)] to this clause prescribing that suits against the Commissioner or against the Councillor must be commenced within three years after the date of the cause of action.

Clause 429 [410].—After this clause we have inserted clause 432 relating to the procedure for the recovery of arrears of taxes, etc., due to the Corporation at the time when this Act comes into force and have numbered the new clause 411.

SCHEDULE I.

We have proposed to add to the list of enactments repealed in the Bill, section 34 of the Madras Port Trust Act, 1905, which exempts the Port Trust property from municipal taxation.

SCHEDULE II.

We have omitted rule 1 (*a*) and (*b*) and have substituted a new rule [5] providing for the performance by the Commissioner of the duties of the President during the vacancy in the latter office. We have renumbered the succeeding rules.

Rule 7 (2).—Following on the proposed increase in the strength of the Council, we have fixed the quorum at 15 councillors at a general meeting and 20 at a special meeting.

Rule 15.—We have added a new rule [15] to define the procedure to be adopted should two Standing Committees pass conflicting decisions.

SCHEDULE IV—PART II.

Rule 7.—We have revised the scale for the assessment of companies so as to double the half-yearly tax leviable.

Rule 9.—We have omitted this rule, with reference to the wording of clause 123 (1) [clause 111 (1)].

Rule 11.—[Rule 10 (*a*)]. We have revised the classification of and to some extent enhanced the scale of taxation on carriages and animals.

Rule 12 (*a*).—[Rule 11 (*a*)]. We have revised and simplified the scale of rates for the levy of tolls without material enhancement.

Rule 16.—[Rule 14]. We have altered this rule so as to provide for the decision of the Standing Committee on cases in which the applicant is dissatisfied with the Commissioner's order on a petition of revision.

Rule 17.—[Rule 15]. We have inserted a new sub-clause [(5)] in this rule empowering the court for sufficient cause to excuse delay in the presentation of an appeal.

Rule 29 (*a*).—[Rule 27 (*a*)]. We have revised and simplified the scale of fees leviable on distraints.

Rule 29 (*c*).—We have omitted this sub-clause.

Rule 30 (a).—[Rule 28 (a)]. We have made this rule applicable only to the movable property of the defaulter.

Rule 32 (1) has been omitted on the ground that it is not desirable that failure to pay the property, companies or profession tax within 15 days of the service of a bill should be followed by prosecution.

Rule 32 (2) now appears as clause 361 of the Bill and rule 33 as clause 396.

SCHEDULE V.

Schedule V has been divided into parts so as to distinguish those which [clause 347 (3)] are alterable by rule from those which are not.

Rule 4.—We have added to the category of objects of expenditure the organization and maintenance of health associations; and associations for the prevention of juvenile smoking and cruelty to children.

Rule 5.—We have included in the category of incidental objects of expenditure the payment of out-of-pocket expenses incurred bona fide by councillors in the discharge of any special duties entrusted to them and the acquisition of land for all or any of the purposes of the Act.

Rule 6.—We have omitted this rule since it appears to us unnecessary to declare by statute the list of obligatory objects of expenditure.

Rule 10.—We have omitted in this rule the last three words as we consider it unnecessary to limit the presentation of addresses to distinguished persons only when visiting the city.

Rule 14.—We have omitted this rule and renumbered the succeeding rules.

SCHEDULE VI.

We have altered the schedule so as to make it unnecessary to take out licences for the storage of certain articles for the preparation or manufacture of which however licences should be compulsory.

SCHEDULE VII.

The alterations in this schedule are chiefly consequential.

We propose under the new clause 129 (2) to prescribe a fine of Rs. 100 for the importation of timber and firewood without payment of the tax.

For failure to obey the direction under section 195 (2) we propose a fine of Rs. 10. For failure to close a place of public entertainment [clause 341] we propose a fine of Rs. 200.

5. In dealing with a measure of such importance and complexity of detail, it has not been possible to arrive in all cases at unanimity of opinion, and in respect of many points the provisions embodied in the Bill, as revised by us, represent the views of the majority only of the Select Committee. We have thought it right, in presenting our report, to emphasize this point, and in recommending that the Bill, as amended in Select Committee, be passed into law, to make it clear that that recommendation is without prejudice to the views of the minority in respect of those matters upon which it has not been possible to secure full agreement.

MINUTE OF DISSENT.

I have signed the report of the Select Committee on the Madras City Municipal Bill subject to the following separate minute.

Ever since the Government of this country has passed directly from the hands of Mussalman rulers to the British it has been recognized by the Government as well as the general public that Mussalmans as a community form an important part of the Indian nation and as such must be adequately represented on all public bodies as well as in the Government services. Keeping this in view special efforts were made and continue to be made both by Government and the community to give them western education, so that they may be better fitted to discharge the duties of enlightened citizenship and may take their legitimate share in the councils of the people and the State and in the administration of the country. The Government charged itself with the obligation of giving Mussalmans adequate number of appointments in all departments of Government service and a number of Mussalmans were being nominated as a matter of course to all the municipal and local bodies and legislative councils in all Provinces. The late Sir Sayid Ahmad Khan while

welcoming in Lord Ripon's Council the Bill that introduced local self-government in India, laid special stress on the need of reserving a large number of seats for nomination by Government, for he anticipated that the Muslim minority would not get adequate representation through general electorates and would have to depend on Government nomination for it. When the expansion of legislative councils was in the air, Mussalmans took the famous deputation to Simla in 1906 and His Excellency Lord Minto acknowledged the fairness of the Muslim demand and committed the Government to the undertaking that Muslim community shall have on all public bodies a representation in proportion to their population and importance. Mr. Montagu, the Secretary of State, and His Excellency Lord Chelmsford, the Viceroy, have very wisely recognized in their report on the Indian Constitutional Reforms that any departure from the solemn promise made to the Muslim community would be rightly considered to be a breach of faith on the part of the Government. The principle of separate representation for Mussalmans gains an additional weight by the compact made between the Indian National Congress and the Muslim League in respect of the separate electorates for the Legislative Councils.

Now that the Legislative as well as the local and municipal bodies are being reconstituted and the local self-government is specially being broad based on the will of the people, the question of Muslim representation on the premier municipal body of the Presidency cannot be disposed of as light-heartedly as the Select Committee has done. The Committee has however thought it fit to record its opinion that it is desirable that four seats be reserved for Muhammadans under clause 5 (1) (c). The latter sub-section runs as follows :—

"(c) Seven elected or appointed by such other associations, corporate bodies or classes of persons as the Governor in Council may by notification direct."

The Committee could have given effect to its own recommendation by inserting in the sub-section (c), that four councillors shall be elected by the Muslim community. As it is, it is left to the Governor in Council to direct, from time to time whenever he chooses to do so, by notification the election or appointment by Muhammadans as 'a class of persons' or through an 'association' of four or less Muslim councillors. This is a slight advance on the present condition for now, Muslim representation is entirely dependent on nomination by the Governor in Council. The Committee has quite properly reduced 'the number of appointments in the gift of the Governor' from nine to five, for nomination is the most undesirable means of giving any community or class a representation on a body which is mainly an elected one.

My community will not be satisfied by the mere recommendation of the Select Committee and will not like the important matter of its representation to be left entirely to the sweet will and pleasure of a Governor. It insists on suitable and definite provision being made in the Bill. It wants its representation to be secured on the same basis as is proposed to be done in the case of Legislative Councils or as it has been provided in the United Provinces Municipalities Act of 1916. The Mussalmans who are qualified to vote at the election of divisional councillors should be formed into as many groups as is the number of seats allotted to them, and they should exercise their franchise in the same manner as other voters do. In case this provision is made in the Bill, the names of Muslim voters may be omitted from the divisional electoral rolls, so that no Mussulman may have more than one vote.

As for the number of Muslim councillors, at least fifteen per cent of the seats allotted to (a) the divisions and (c) to the associations and classes—total 37—should be given to the Muslim community. In other words there should be at least six Muslim councillors elected by Muslim voters in the thirty divisions of the City.
